**Sample Proposal - Analyzing an economic model for future business investment**

| | |
|---|---|
| **Key Deliverables** | **Binder of News Articles**<br>Each team member locates three recent news articles (written within the past year) about each of his/her team's assigned countries (six articles total). He/She saves these articles in a virtual or actual binder. S/He writes one paragraph about each article (six paragraphs total). Each paragraph summarizes the article and identifies how what is discussed in the article impacts the country's economy or is impacted by the country's economy.<br><br>**Economic Charts**<br>Each team develops a series of graphic organizers that show past and<br><br>present economic data (i.e., consumer spending, inflation, GDP, and unemployment rates) for each of its assigned countries. Each team also creates additional charts to compare the two countries' economies.<br><br>(Target audience: local business owner)<br><br>**Written Report of Recommendation**<br><br>Each team writes a two-page report containing its recommendation regarding which of its countries is the most viable choice for business expansion. In the report, the team explains its reasons for the recommendation and discusses why it doesn't recommend the other country. (Target audience: local business owner)<br><br>**Oral Presentation**<br><br>Each team develops and shares a three-to-five-minute oral presentation that reflects the contents of its written report. Graphic organizers are used during the presentation, and every student participates. (Target audience: local business owner) |
| **In Scope Items** | • Comparison of only economic parameters of the countries<br>• Publicly available material and financial data for the countries |
| **Out of scope Items** | • There are many social and political influencers on the ease of business parameter of a country. Those parameters are out of scope for this analysis. |

| | |
|---|---|
| **Financial clauses** | • Financial clauses here |

**Project Charter**

- A project charter is written by the person with the authority within an organization to authorize the project. This individual has the positional power to authorize resources and funds. This person typically becomes the project sponsor.
- All key stakeholders should receive the charter so they're aware of the official project launch, your authority as the project manager, and who the sponsor of the project is.

## Sample Project Charter

| | |
|---|---|
| **Project Title** | **Analyzing economic model for future business investment** |
| **Scope Overview**<br>*(a brief description of the project; 1-2 sentences)* | We will study two different countries' economies and then decide which one would be a better one for AJ's Coffee Co. to expand into. |
| **Milestone Schedule**<br>*(an estimate of when major milestones & deliverables will be completed)* | • Complete research by 11/14<br>• Binder of news articles due 11/14<br>• Economic charts and written recommendations due 11/18<br>• Presentations on 11/21 and 11/22 |
| **Acceptance Criteria**<br>*(how the final product will be evaluated)* | The written report of recommendations needs to be clearly written with logical reasons for selecting one country over the other. The report should contain zero grammatical, punctuation, or terminology errors. See the rubric for more details. |
| **Risks,** | |

| | |
|---|---|
| **Assumptions,**<br><br>**& Constraints**<br><br>*(things that could cause problems during the project)* | • Lack of communication among team members<br>• Personality conflicts<br>• Lazy team members<br>• Absences<br>• Not enough time to complete the project<br>• Lack of resources<br>• Technical problems<br>• Standardized testing |
| **Team Operating Principles**<br><br>*(team's absence policy, work policy, leadership policy, work ethics; member dismissal procedures, etc.)* | • Be prepared to work, and do your fair share.<br>• If you are absent, contact at least one team member.<br>• Keep all project-related work in the Cloud so that the team can continue working, even if someone is absent.<br>  ● If problems arise, discuss them with the team.<br>• If a team member is not doing his/her work, s/he will be warned once, and if the person still fails to do the work, s/he will be dismissed from the group. |
